

MOHAMED AFIR ABUMUMEEN M

642, pallivasal street, Konulampallam 609807, Thanjavur district.  
9787403531 | mohamedafir94@gmail.com

LANGUAGES

Tamil, English

SKILLS

Frontend developer and python  
developer

EDUCATION

Prist university Thanjavur 2025

BCA  
CGPA:7.6

PROJECTS

Automatic open and close door system using Arduino

Technologies Used: Arduino, C/C++ (Arduino IDE), PIR/Ultrasonic  
Sensor, Servomotor/Stepper Motor

Developed a prototype for an automatic door system using an Arduino  
microcontroller and a sensor to detect human presence.

Implemented programming logic to control a servomotor, enabling the  
door to open when a person approaches and close after a set delay.

Gained hands-on experience in electronics, sensor integration, and low-  
level programming.

ABOUT ME

Aspiring Frontend and Python Developer with a BCA degree from PRIST  
University, Thanjavur (2025) and a CGPA of 7.8/10. Passionate about  
building interactive web applications and developing efficient Python  
solutions. Eager to learn, grow, and contribute to innovative projects.
